2018

Becoming the Story We Tell (BST)

A resource commissioned by the Primate of the Anglican Church of Canada, and updated in January 2018, *Becoming the Story We Tell* aims to restore the connection between baptism, our annual deep dive into the story of Christ's passion and resurrection, and our call to be and make disciples. It was the focus of workshops offered in each deanery of the Diocese in January 2016, and repeated in a couple of deaneries in 2017. You can read more about the resource and connect to it here: <http://www.anglican.ca/primate/tfc/becoming/>

Blog of The Associated Parishes for Liturgy and Mission

This resource will once again provide resources for BST in 2018 through posts under the heading *The Preacher's Study*. A regular feature on the blog, *The Preacher's Study* benefits from a variety of contributors aiming to provide a lens for interpreting the readings. Writers always endeavour to highlight some insight for preaching, prayer, and Bible study that nurtures baptismal identity and vocation. <http://aplm2013.blogspot.ca>
